OFFERS We often run campaigns and offer discounts – just mention it when you get in touch.

We build websites and online shops for businesses – and make sure your customers actually find you. With **SEO and AI search**, we lift your site higher on Google and into the answers people get from ChatGPT and other AI assistants. You pick a **base package**, add only what you need, and we take care of the rest.

03 Automation and AI

Simple automation

per project — **by agreement**

One task that keeps coming back and eats your time – for example sorting email, sending minutes after meetings or merging several Excel files. You get the first version within 14 days of agreement.

Business automation

per project — **by agreement**

In working sessions we find out where your time goes and automate a larger part of your day-to-day work. We introduce AI tools (Copilot, ChatGPT, Claude) and train your team.

04 Digital marketing

Channel setup

one-time — **by agreement**

We set up your Google Business Profile, Facebook, Instagram, WhatsApp Business and Meta Business Suite – with the right details, images and a link to your website. After that, you run the channels yourself.

Managed marketing

monthly — **by agreement**

Everything in channel setup, plus regular posts, updates and ads on Meta and Google, results tracking and reports. You pay the ad budget directly to the platform.

05 Other

Additional work

per hour — **NOK 1,199** /hour

Changes and development outside the packages – always with your approval in advance.
